ST 150 CJ PROFILE SHEET

The ST 150 CJ trim is a 150mm slim line clear anodised aluminium cover plate designed to go over the top of resilient floor coverings. 3.5mm in height.

2 recesses allow for 14mm grip tape to give secret fixings (**Grip Tape is an optional extra**)

Standard length is 3.6 lm.

Off set drilled at approximately 230mm spacings.

Slip Test Result = P4 (without grip tape)

No other testing has been carried out.

Please have the profile approved prior to ordering.
